

Symmetrical Knapsack Sprayers

6th Generation of Knapsack Sprayers.
Light and versatile for better performance.
Accurate dosing resulting in economies and improved productivity across a varied range of applications and sectors.

Universal boom - code 9798 - optional accessory

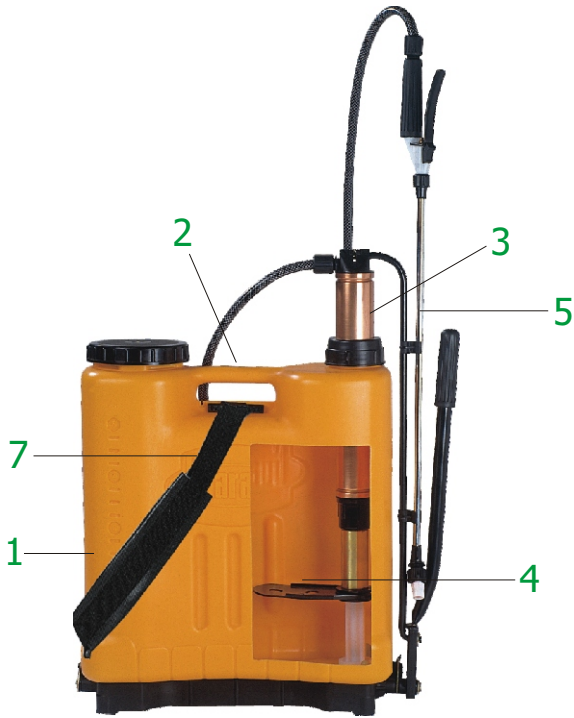

Horizontal rear boom - code 9888 - optional accessory

Soil injector - code 4575 - optional accessory

Symmetrical Knapsack Sprayers

- 1 Translucent and anatomic tank made of additive - enhanced material resistant to UV rays effects, with measurements in litres and gallons - for more comfort and durability.
- 2 Handle incorporated in the tank makes carrying easier.
- 3 Corrosion-proof piston pump, smooth to operate with double bushing that offers more pressure and less.
- 4 Internal agitator that avoids product sedimentation.
- 5 Bichromated curved lance with lateral fixing, super 3 valve with locking device for continuous or intermittent spraying and universal tip with adjustable nozzle.
- 6 Eezispray valve, with predetermined pressure that allows uniform applications reducing the consumption of agrochemicals by up to 40% and less effort from the operator.

- 7 More comfort with padded straps and adjustable buckles.

- Progressive filtration in four stages, with filters in the tank, in the pump, in the valve handle and in the nozzle. Does not block.

- Symmetrical structure which allows instant changeover of the operating side without the use of tools.

The following is supplied as standard equipment.

- A service kit with most used spare parts and nozzle for herbicide application.
- A universal tool.

Eezispray valve - code 9984

optional accessory

- Versatile, comfortable, durable. Easy to use and to maintain.
- Ideal sprayer for a technological and rational agrochemical application, respecting the operator and the environment.

- The same parts and accessories for the two models, 16 and 20 litres.
- The combination of special anti-corrosive metals and plastics result in more resistance and less weight.

optional accessory

Potato boom - code 4306

- A wide range of optional accessories can be used with the sprayer for different types of application making the sprayer cost effective.
- Optional accessories: Dosage kit, soil injector, universal booms, horizontal and vertical booms, lance extension, valves, nozzles and tips. Lurmark kit with 3 nozzles and a filter.

technical specification

	code 405-11	code 439-03
Tank Capacity.....	20 l (5,2 gal.)	16 l (4,2 gal.)
Net Weight.....	4,3 Kg (9,5 pounds)	4,4 Kg (9,7 pounds)
Working Pressure (insecticide).....	300 kpa (45psi)	300 kpa (45 psi)
Working Pressure (herbicide).....	100 kpa (15 psi)	100 kpa (15 psi)
Maximum Pressure.....	1.000 kpa (150 psi)	1.000 kpa (150 psi)
Packaging.....	490 x 175 x 555 mm 19,3" x 6,9" x 21,8"	490 x 175 x 555mm 19,3" x 6,9" x 21,8"

Guarany's Mission: To offer the best quality products, with innovative features that can be of public use, as well as the best services, always respecting the environment, people and markets, besides guaranteeing the satisfaction of our customers and employees.
